## BACKGROUND

Creative and detail-oriented UI/UX Designer & Web Developer with 3+ years of experience building responsive, user-friendly websites and digital interfaces. Skilled in Figma, HTML, CSS, JavaScript, and WordPress, with a strong eye for usability and design systems. Experienced in applying Excel and Python for data-driven design insights, and producing graphics and video content that boost brand visibility. Passionate about crafting intuitive digital products in tech and fintech environments.

## EDUCATION

### Higher National Diploma (HND) in Software and Web Development, Federal Polytechnic Offa, Kwara State, Nigeria

2023 – 2025 (Expected Graduation: December 2025)

- Focus: Software and Web Development
- Capstone Project: Developed a responsive crypto airdrop platform designed to onboard users to the next wave of token distribution, using Html, CSS and JavaScript

### National Diploma (ND) in Computer Science

Federal Polytechnic Offa, Kwara State, Nigeria 2018 – 2020

- Focus: Software and Web Development
- Built foundational skills in programming and design

## CERTIFICATIONS

- Data Analysis with Python – AQskill, July 15, 2025

# PROFESSIONAL EXPERIENCE

## Freelance Creative & Web Solutions (Remote)

UI/UX Designer & Web Developer | 2019 – Present

- Designed and developed 15+ responsive websites using HTML, CSS, JavaScript, and WordPress.
- Created wireframes, prototypes, and visual assets in Figma, delivering user-friendly interfaces for clients.
- Produced logos, marketing visuals, and video ads with Canva and CapCut, boosting brand visibility by 25%.
- Delivered 10+ digital campaigns on tight deadlines, optimizing content for social media platforms.

## UI/UX Design Intern (Remote)

June 2022 – August 2022

- Designed wireframes and prototypes for fintech and e-commerce projects using Figma.
- Created design assets that supported successful client launches and improved user experiences.
- Increased engagement by providing resources and step-by-step guidance.

## Data Analyst (Excel Project) – Sammy Foods Inventory Management

August 2025

- Designed an Excel-based inventory system to track product counts, expiry dates, and stock status.
- Automated reporting with formulas and validation rules, improving visibility into expired products.
- Built dashboards that highlighted production trends and reduced waste risks.
